A meeting is being held to review results of a Supported Employment Assessment completed by MERS/MD Goodwill contracted by MD Vocational Rehabilitation. It was noted that Kyle was quiet on the work sites and required extra instruction to learn tasks. Quality of work tended to drop off if the evaluator was not next to him. Work pace tends to be slow. Kyle reports wanting to start looking for a job as soon as possible. Kyle reports relying on his mother for transportation but reports wanting to get his driver's license.
